The Honorable Jack Malone
The Honorable Richard Roy

Dear Senators and Representatives:

In accordance with Section 16a-32 of the Connecticut General Statutes, the Office of Policy and Management (OPM) is providing notice to the Continuing Legislative Committee on State Planning and Development that it is in receipt of an application for an interim change to the *Conservation and Development Policies Plan for Connecticut, 2005-2010 (C&D Plan)*. The application is from Myers Nursery and the Rya Corporation to change a 50 acre site in the northeastern portion of East Windsor from a "Conservation" to a "Growth" designation. The change is being requested to facilitate the running of a sewer line to the site. As explained in the application, development there would require a sewer line because a third party has over-excavated the site, making septic systems unfeasible for use there.

In accordance with CGS 16a-32(b), OPM is seeking written approval from the Continuing Committee prior to initiating the interim change process to the C&D Plan. If the Continuing Committee directs OPM to undertake the process, OPM will do so in accordance with its regulations.

Sincerely,

W. David LeVasseur, Undersecretary
Intergovernmental Policy Division
